Julie Armstrong, owner of the Invitation Place, helped us select a wedding invitation that fit our style, personalities and budget. I appreciated her timely responses to emails and attention to detail as we worked on the word choices for the invitations, programs, and menu cards.

Julie was amazing! She has been at this for awhile and it was great to actually be able to see the product and not just look at it online. She helped us with all of our wording and it was perfect! We did invitations, place cards, and programs. Julie is so flexible. For anyone in the Lakeshore, Kalamazoo, and Grand Rapids area, she is really easy to get to and will meet with you around your schedule. She is very quick to reply and caught a few errors I had completely missed. She has so many examples and all of the stuff online you can actually see firsthand. She takes care of all the hassle and you get it at her discount, up to 20% off what is online! I'm not sure why someone would order online, when Julie can take care of all the issues and follow ups.

Julie was amazing! We needed a color change to the envelope and she was more than happy to help us. She would respond almost immediately, even on weekends and was an absolute pleasure to work with. Our invitations took the most time to finalize and we did the address printing, even though it took the most time, it was not stressful and a great experience. My only negative comment, deals with the printing company, not Julie. Our invitations etc. came wrapped in plastic wrap, not shrink wrapped and therefore a good number of them were dogeared etc. But Julie even made sure to let them know about that.

My husband and I loved working with Julie! She was very professional! I loved how easy it was to get a hold of her. She was very thorough and easy to work with! I will definitely be recommending her to other brides! She made it so easy to order invites and programs for our wedding!

It was great working with Julie. She had a wide selection of invitations and other items (napkins etc) for the wedding. Her seating chart posters worked great and looked amazing, I encourage people to check them out in place of place cards as it frees up some time and space I think.

They were great to deal with and were very prompt. Invitations arrived in a prompt manner and we were more than thrilled with their quality. Since this was for my sister's wedding, I can almost guarantee them to have me as a return customer when the time comes for me to order wedding invitations! Wonderful services.

I found Julie to be very accomodating, professional, and responsive to our particular needs. She had great follow up and prompt response to inquiries and concerns. The product itself was quite satisfactory, we were very pleased with the quality. **The only thing I would have appreciated would have been more flexibility in the quantity available. We needed less than 10 more invitations but would have had to pay for 25 more. Overall, we highly recommend Julie and The Invitation Place.**

I was having difficulty browsing invitations online and wanted to work with a vendor who had samples I could see in person. Julie has numerous samples of invitations covering many different styles, and she is very professional and organized. I found a few different design elements that I liked, and she helped me combine them into my own unique invitation. She was incredibly patient with me and never made me feel bad for taking some time to make decisions! She went above and beyond what I expected and I could not be happier with my invitations!

I had a really hard time finding a vendor, so we could actually see samples in person. We also needed help with the wording and insuring we ordered enough of everything. Julie was outstanding! She had SO many invitation styles to pick from and we found the PERFECT one. They were made very quickly too.
